

- The outer red solid line is the **Bleed** line. 3.75 x 2.25" Make sure your art extends to meet this line, and know that the area between the dashed line and the bleed line will be trimmed off.
- - The Red Dashed line is the **Cut** line 3.5 x 2".
- The Blue Line is the **Safety** area.
Do not put type beyond this line.

Before saving your file, **Create Outlines** and **Embed Images**.
(Select All > Type > Create Outlines) (Links Palate > Embed Image(s))

Save As a .pdf, making sure that under **Marks and Bleeds**,
Use Document Bleed Settings is checked.

- Delete the Template layer before saving!
- Remember to save an .ai file also, so you can make future edits.
- Double check your print file. When you open it in Acrobat, is the file size 3.75 x 2.25?
